

## **Top Questions for Competitors**

### **1.) How do I become a KBMA member and get points?**

**It is simple: there are two things you need to do**

**Register for membership**

**Compete and place in the top 4 of your division (s) in any KBMA event to obtain rated points. To view your results Click on KBMA Rated Points**

**Good Luck!**

### **2.) Why are my KBMA points under two (or more) names?**

**Sometimes a promoter when entering the data will misspell your name or use your full name instead of your shortened name (uses Joseph instead of Joe). This will cause two separate entries for you in the Point database. When you sign up for membership this can be easily corrected. If you notice this happening after you sign up for membership you can email: [masterdukes@juno.com](mailto:masterdukes@juno.com) and we will correct it.**

### **3.) I competed in an event and my points are not there. What is the problem?**

**There are a few of reasons this may have happened. Tournament results can take up to 20 days to be entered and even longer is promoters are delinquent. There could be an issue where you have multiple KBMA profiles due to a misspelling of your name.**

**When a promoter signs a agreement to sanction with KBMA they have entered into a contract that requires them to mail in their results to KBMA within 10 days. If they do not mail in the results in that timeframe then they become a delinquent event. We actively pursue all delinquent events, but you can help by contacting the promoter and telling them you have earned points as a member.**

### **4.) I need to update my Date of Birth, Email, Address Etc.**

**Once you are a KBMA member email: [masterdukes@juno.com](mailto:masterdukes@juno.com)  
And we will take care of it.**
